

Home Improvement Property Tax Credit

Program Purpose and Description

This program was designed to provide an incentive to make improvements to residential properties and lessen the financial burden on property owners.

This property tax credit limits the value of the improvements that are eligible for the credit; for instance, the credit does not apply to the value of improvements to the dwelling that exceed \$100,000. If ownership of the property is transferred, the purchaser is eligible for the remainder of the property tax credit. The program provides a 5-year tax credit with 100% relief from your city property tax increase in the first taxable year; the credit declines by 20 percentage points thereafter. **However, the credit is applied only to the increased value of the dwelling due to the improvements.** This credit automatically renews annually for five years as long as the property remains in compliance with the Housing Code.

To be eligible, the property must:

- Be owner occupied for more than six months each year;
- Have had improvements that do not exceed \$100,000 and ;
- Experienced an increased value in the assessed value of the property due to the improvements made to the property and provide the necessary proof (for additional information, please contact SDAT at the following: Phone (410) 767-8250, Fax (410) 333-4626, E-mail: baltcity@dat.state.md.us); and
- Must remain in compliance with the Housing Code.
